

EMISSION CLASSIFICATION OF BUILDING MATERIALS

Saint-Gobain Ecophon AB

The classification working group set up by the Building Information Foundation RTS sr has approved the following products:

Industry Modus S (White)
Industry Modus S (Black 970)
Industry Modus S (Grey 981)
Industry Modus TAL
Industry Modus TAL
Industry Ambit
Industry RTP
Industry RTP

as belonging to emission class M1 for building materials.

The classification is valid until 12.6.2023.

Saint-Gobain Ecophon AB has the right to equip its classified products with the classification mark and to use this classification mark when marketing these products.

The decision is in line with the requirements laid down in the Classification of Indoor Climate 2018 and the Classification of Building Materials: General Rules.
