Finnish M1	•

## Environmental Footprint

Kg CO<sub>2</sub> equiv/m<sup>2</sup>: 6,2 From EPD in conformity with ISO 14025 / EN 15804

## Circularity

Minimum post-consumer recycled content	53%
Recyclability	Fully recyclable

### Fire safety

Country	Standard	Class
Europe	EN 13501-1	A2-s1,d0

The glass wool core of the tiles is tested and classified as non-combustible according to EN ISO 1182.

### Humidity Resistance

Class C, relative humidity 95% and 30°C, according to EN 13964:2014

### Visual appearance

Akusto in white has high light reflectance. Light reflectance and nearest NCS colour sample for all the different colours: See Ecophon Colours and surfaces.

### Cleanability

Daily dusting, vacuum cleaning and weekly wet wiping (Super G and Akutex FT surfaces). Weekly dusting and vacuum cleaning (Texona surface).

### Use of disinfectants

Texona Ginger, Sea salt, Thyme, Oyster and Garlic withstand the frequent use of ethanol (70%)-based disinfectants. Dampen a soft polyester microfiber cloth with the solution and wipe the surface in gentle circular movements.

### Accessibility

The tiles are not demountable except in selected installation diagrams. See quantity specification for more information.

### Installation

Installed according to installation diagrams, installation guides and drawing aid. For information regarding minimum overall depth of system see quantity specification. The systems should not be placed behind goals or similar areas where they frequently will be hit by hard ball shots. In such cases a protective net in front of the system is recommended.

### System weight

The weight of the system (including profile system) should be approximately 4 kg/m<sup>2</sup>.

### Mechanical properties

No additional live load is allowed.

### Impact Resistance

Surface	M-sketch	Class
Super G	M353	Fulfills

Tested and classified to fulfil the requirements of DIN 18032-3, equivalent to 1A according to EN13964. Texona surface has moderate impact resistance. Please note: Where the panels are subjected to frequent blows and impacts e.g. behind goal mouths, protection in form of e.g. restraining nets or wooden slats is required.

### CE

Ecophon ceiling systems are CE marked according to the European harmonized standard EN13964:2014. CE marked construction products are covered by a Declaration of Performance (DOP) which enables customers and users to easily compare performance of products available on the European market.

# Ecophon Akusto™ Wall C Extra Bass

Ecophon Akusto™ Wall C Extra Bass has a concealed grid and bevelled edge to create a narrow groove between each panel. Available in a variety of surface options. The wall absorber has excellent sound absorption qualities from low to high sound frequencies. Best room acoustic properties are achieved when used together with a sound absorbing ceiling.

## Circularity

Minimum post-consumer recycled content	60%
Recyclability	Fully recyclable

## Environmental Footprint

	kg CO <sub>2</sub> equiv/m <sup>2</sup>
Akusto Wall C Extra Bass/Texona	10,8
Akusto Wall C Extra Bass/Akutex FT	10,4

Life-cycle stages A1 to C4 from EPD, in conformity with ISO 14025 / EN 15804

### Fire safety

Country	Standard	Class
Europe	EN 13501-1	A2-s1,d0

The glass wool core of the tiles is tested and classified as non-combustible according to EN ISO 1182.

### Humidity Resistance

Class C, relative humidity 95% and 30°C, according to EN 13964:2014

### Visual appearance

Akusto in white has high light reflectance. Light reflectance and nearest NCS colour sample for all the different colours: See Ecophon Colours and surfaces.

### Cleanability

Daily dusting, vacuum cleaning and weekly wet wiping (Akutex FT surfaces). Weekly dusting and vacuum cleaning (Texona surface).

### Accessibility

The tiles are not demountable.

### Installation

Installed according to installation diagrams, installation guides and drawing aid.

### System weight

The weight of the system depends on the dimensions of the installation. 2700 x 2700 mm installations has a system weight of approximately 7 kg/m<sup>2</sup> (including profile system).

### Mechanical properties

No additional live load is allowed.

### CE

Ecophon ceiling systems are CE marked according to the European harmonized standard EN 13964:2014. CE marked construction products are covered by a Declaration of Performance (DOP) which enables customers and users to easily compare performance of products available on the European market.
