## **Humidity Resistance**

Class C, relative humidity 95% and 30°C, according to EN 13964:2014

## **Visual appearance**

White Frost, nearest NCS colour sample S 0500-N, 85% light reflectance. Gloss < 1.

## Cleanability

Daily dusting and vacuum cleaning. Weekly wet wiping.

# Accessibility

The tiles are demountable.

#### Installation

Installed according to installation diagrams, installation guides and drawing aid. For information regarding minimum overall depth of system see quantity specification.

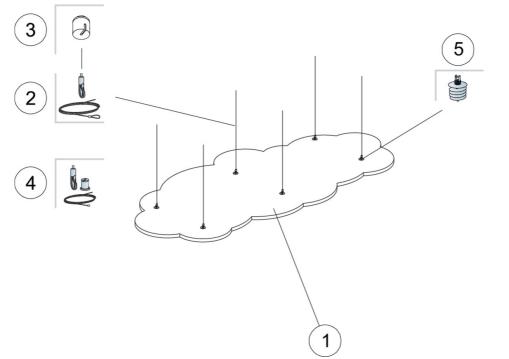

# **Mechanical properties**

The tile can take both point loads and distributed loads. See Functional demands, Mechanical properties at www.ecophon.com.

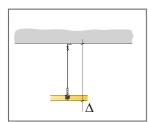

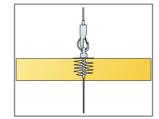

# CE

Ecophon ceiling systems are CE marked according to the European harmonized standard EN13964:2014. CE marked construction products are covered by a Declaration of Performance (DOP) which enables customers and users to easily compare performance of products available on the European market.

# Ecophon Solo™ Baffle Wave

Solo Baffle Wave is vertically installed unframed baffles. The wave-shaped baffle gives the room a special design and possibility to express design in shape and colour. Baffles are used primarily when natural light is brought into the room via skylight.

| Europe  | EN 13501-1    | A2-s1,d0 |                                                                                                        |

#### **Humidity Resistance**

Class C, relative humidity 95% and 30°C, according to EN 13964:2014

#### **Visual appearance**

White 500, nearest NCS colour sample S 0500-N, 84% light reflectance.

#### Cleanability

Daily dusting and vacuum cleaning. Weekly wet wiping.

# Accessibility

The tiles are demountable.

#### Installation

Installed according to installation diagrams, installation guides and drawing aid. For information regarding minimum overall depth of system see quantity specification.

#### System weight

Approximately 2-4,5 kg.

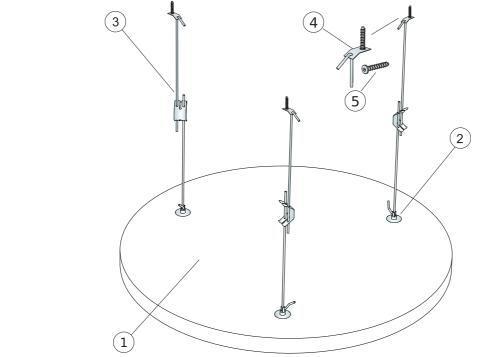

#### **Mechanical properties**

No additional live load is allowed.

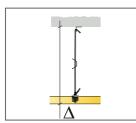

# CE

Ecophon ceiling systems are CE marked according to the European harmonized standard EN13964:2014. CE marked construction products are covered by a Declaration of Performance (DOP) which enables customers and users to easily compare performance of products available on the European market.

#### **Cradle to Cradle Certified®**

This product is Cradle to Cradle Certified® at Bronze level (version 4.0).

#### **Material Health**

This product has received a C2C Certified Material Health Certificate™ at the Silver level (standard version 4.0). The C2C Certified Material Health Certificate™ is a verification of the health and safety of a product's composition using the Material Health requirements of the Cradle-to-Cradle Certified Product Standard.

#### **Environmental Footprint**

| )° |                | kg CO2 equiv/m² | Life-cycle stages A1 to C4 from EPD, in conformity with ISC 14025 / EN 15804 |  |
|----|----------------|-----------------|------------------------------------------------------------------------------|--|
|    | Solo Rectangle | 9,64            | 14023 / LIN 13804                                                            |  |

#### Circularity

| Minimum post-consumer recycled content | 54%              |
|----------------------------------------|------------------|
| Recyclability                          | Fully recyclable |

#### Fire safety

| ) | Country | Fire standard | Class    | The glass wool core of the tiles is tested and classified as |
|---|---------|---------------|----------|--------------------------------------------------------------|
|   | Europe  | en 13501-1    | A2-s1,d0 | non-combustible according to EN ISO 1182.                    |

#### **Humidity Resistance**

Class C, relative humidity 95% and 30°C, according to EN 13964:2014

#### Visual appearance

White 500, nearest NCS colour sample S 0500-N, 84% light reflectance.

# Cleanability

Daily dusting and vacuum cleaning. Weekly wet wiping.

# Accessibility

The tiles are demountable.

#### Installation

Installed according to installation diagrams, installation guides and drawing aid. For information regarding minimum overall depth of system see quantity specification.

#### System weight

Approximately 6,5-17,5 kg.

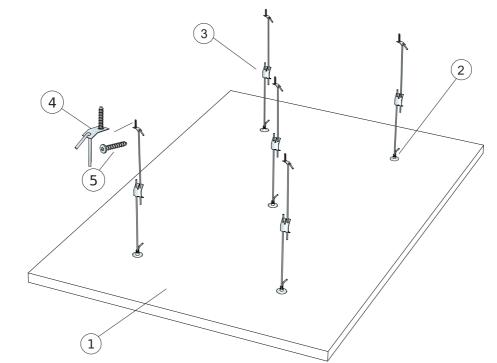

#### **Mechanical properties**

No additional live load is allowed.

# CE

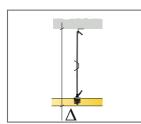

CE

Ecophon ceiling systems are CE marked according to the European harmonized standard EN13964:2014. CE marked construction products are covered by a Declaration of Performance (DOP) which enables customers and users to easily compare performance of products available on the European market.
