Module 3: Acoustics for SEN teaching

Content:
We know that for hearing impaired children the acoustic environment can be the most important factor in terms of participation within mainstream classes. This CPD covers:

• The fundamentals of hearing
• The new SEN provisions of BB93
• Low frequency sound, and why it matters
• Designing classrooms to meet the SEN standards

If you would like to learn more about the subjects covered in the presentations, or to make a booking, please contact our team at marketing@ecophon.co.uk

Module 1: Ceiling design and room acoustics
